

LITTLE MERMAID

Text von Ilse Zacharias

1. Strophe

Late at night in your dream
your heart seems to dive
deep into the sea
to a former life
and your doubts grow strong
you don't know where you belong

Refrain:

but tomorrow little Mermaid,
things will seem all right
and with eyes shining bright
like the stars above
you'll be dancing with the one you love

2. Strophe

Memories sweet and kind
your heart tries to find
what's still on your mind
all you left behind
dearly paid for your choice
thrown away your past and voice

Refrain:

but tomorrow little Mermaid,
things will seem allright
and with eyes shining bright
like the stars above
you'll be dancing with the one you love

Bridge:

And as long as you feel
he loves you still
what you did was not in vain
but even though
you'll never show
little mermaid, I know all your pain

Refrain:

but tomorrow little Mermaid,
things will seem allright
and with eyes shining bright
like the stars above
you'll be dancing with the one you love
